Santa Clarita Soccer Center

Overview
Santa Clarita Soccer Center, a 24,656 sq. ft. indoor soccer complex that contains soccer fields for both youth and adults, selected Flex Lighting Solutions Essentials Performance Series LED high bays to replace its existing 400W metal fixtures. Their priority was not only to save on annual cost and energy, but to better illuminate the fields where shadows and glare can impair the players’ vision when chasing soccer balls.

Results
The results were dramatic with a reduction of wattage from 16,560 to 5,984 watts, totaling a 64% reduction and elevated light levels. Annual savings from the new installation was reduced by approximately $7,500. Scott Schauer was impressed, “We were impressed with the quality of light, low glare and lack of shadows on the field.” The Center is also benefitting from lower maintenance costs.

Santa Clarita Soccer Center & Flex
“We were impressed with the quality of light, low glare and lack of shadows on the field.”
Scott Schauer
Owner, Santa Clarita Soccer Center

We Are Flex
We are 200,000 dedicated innovators, working across 30 countries to create a smarter, more connected world. Leading the way in the development of innovative technologies, sketch to scale thinking, state-of-the-art manufacturing, and global citizenship sets Flex apart—a leader in a market of one.
